HOLLY WOODS ROAD HEARING

Nine residents of Holly Woods attended the hearing on the petition of Mr. and Mrs. Earl Boardman asking the town to accept the access road which runs from Aucoot Road to Peases Point. Mr. Gordon Larcom speaking as a president of Hollywoods Association and as a friend of the Boardmans pointed out that the residents who are serviced by means of the connecting road pay some \$87,000.00 per year in taxes to Mattapoisett. He stated that gas pipe, water pipe, hydrants are installed and that the road is paved. He asked that, considering the number of taxpayers involved, the road be accepted. Henry R. Gilbert of Peases Point said that up to last year the residents of Peases Point had shared the cost of maintaining the road 50/50 with the Boardmans. The Boardmans have an agreement with 27 Holly Woods' home owners in which they are assessed \$30. per lot per year in re-

risen steadily and last year the Peases Point residents did not share in the road maintenance because of other expenses. In the discussion of the matter some questions arose out of concern by the residents that their privacy be continued. Dorothea Pierce pointed out that the road is to nowhere. "What has the town to gain by accepting the road?" Selectmen pointed out that the town has nothing to gain by accepting the road but has an obligation to furnish services such as school buses, police and fire protection and ambulance service and is therefore interested in accepting pre-subdivision roads even though they do not meet today's standards. Mrs. Pierce said that the road has no turn around but would end on a curve where it would be impossible for an auto to turn around rather than take the private road to Peases Point. Mr. Walter Clark of Peases Point said that people take the road now by mistake and turn around in his driveway and that he doesn't mind. Mrs. Catherine Haley said that her concern was for the privacy of the beaches. She fears that if the road is made public then the side roads would be declared public access ways and the State

would declare the beaches public. The Selectmen said that this is a constant concern of the Selectmen since a bill is filed every year in the legislature to this effect and they are constantly aware of and asking representatives to oppose such legislation. Mr. Larcom pointed out that 225 people had signed the petition asking for the town to accept the access road including all of the residents present. The objecting residents stated that they had signed solely to bring the matter to public discussion. The Selectmen said that they would like to get a feeling of those present by vote and of the 9 residents present 4 voted in favor of town acceptance

Edward Alves and Mrs. Mary E. Stellato to discuss spaces at the wharf which Mrs. Stellato claimed to be vacant. She stated that several numbers do not have lines installed and should, according to town rules, lose their slips. Alves said that he has notified 5 people that they have one week to install lines and that another party has relinguished a space. Several spaces are not useable because the bottom needs dredging he said. Alves will check the other numbers said by Mrs. Stellato to be vacant.

HARBOR MASTER'S BUDGET SPENT

Selectmen met again with Karl Collyer who stated that he is now out of money because of vandal patrol in the harbor. His budget of \$750, was sufficient for normal operation but will not suffice for patrol. The Selectmen told Collyer to make a new estimate of his budget to reflect the increase and return.

How far away should your bank be? That's easy. As far as ours.

Maybe you choose a bank because it's nearer your job or home. But we've got a feeling that distance wouldn't mean a thing once you discovered what our bank has to offer.

You can reach us quickly from almost any direction. And probably faster than you can get to where you're banking now.

And when you get where we are, you'll find lots of easy parking, ready access to inside banking via our new red brick safety walks.

Or, if you like the ease of drive-up banking or the privacy of doing your banking business fast with an automatic teller, we have those, too.

But most important, we feel, is our competent and courteous banking professionals who are ready to treat you like the important person you are. C'mon over, now, to our bank.

Selectmen accepted and signed the construction engineering contract with the consulting engineers. They accepted a quote from Harvard University of \$3100. for a Phase II archaelogical survey to be done along the tie-in route.

Ron Michalski asked for a conference with the Mattapoisett Conservation Commission to go over in detail the areas of the sewer line installation. He wants to obtain approval before construction contract specifications are written.

Selectmen will meet in executive session at 7 P.M. August 22 with 8 owners of land concerned with easements for the sewer line and pumping station.

of manpower in his department. The Board of Selectmen want to get a clear idea of man hours, shifts, days off to be filled by spare men or a full time man that Chief Tuttle feels will be more economical in the long run. Tuttle would like to fill his needs with a full time man to work regularly on weekend shifts and as a replacement on weekdays. He says he cannot find qualified spare men on weekdays. The Selectmen well understand the problem of filling the vacant slots but must justify the cost of a full time vs. spare time man in dollars and cents. The figures to justify this are so complicated that no firm decision was reached until something can be worked out on paper that can be explained in a logical manner to the Finance Committee. Tuttle said that most of his problem is the 8 to 4 shift on weekdays when part time men are not available and he has to pay overtime to regular patrolmen. "I can't shut down", the Chief said.

Crafts Exhibit

The Mattapoisett Library's Craft Exhibit and Demonstration is on Wednesday, August 24th, from 10 to 4 P.M. Several types of chair caning will be displayed and demonstrated. People will be making Mattapoisett bags, and Gladys Sherman will fashion a Nantucket bag. Another of the demonstrations will be by Linda Typan of Mattapoisett; she will be weaving on a four-harness floor loom. We hope to see everyone on August 24th rain or shine.

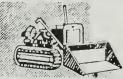

The feature film on Thursday, August 18th, will be "The Cat People". This horror film of a woman's preoccupation with cats is as fun as it is scary. Bring the kids! It starts at 8 P.M.

There will be a story hour on Wednesday at 1 P.M. for 5 and 6 year olds.

There are ten types of arrangements in which you may include flowers you gather from friends, but no artificial plant material. One of the latter is a mini-arrangement, not over 5 inches in any direction, including the container....a really fun opportunity!

The biggest prize of the fair comes with a winning "formal arrangement of gladioli".

Preserved foods must have been done in the last 12 months. That allows for last September's Garden Special, pickles, and apple jelly; as well as this summer's blueberries and wax beans.

Collections are 3 different kinds (in the same kind of jar). All other entries of fruit, vegetables, or jelly and jam are shown by 2's.

If you've just finished an afghan or rug, it may be entered under Home Economics. The latter also includes knitted, crocheted or sewn articles.

Letters to the Editor

LETTER TO THE EDITOR

I am writing in reference to Wilma Ripple's letter, printed in the Presto Press August 10, 1977, regarding the 8th grade Algebra I class, taught by Mrs. Gidley.

Four things should be noted: 1) Mrs. Ripple did not have a child in Mrs. Gid-ley's Algebra Class; 2) Mrs. Ripple holds the position of Secretary to the Principal of ORRJHS, Mr. Robert Gardner; 3) Mrs. Ripple has never attended the school committee meetings when the 8th grade Algebra program was on the agenda - the "Concemed Parents Group" was in attendance at these meetings; 4) It is obvious Mrs. Ripple did not have access to the questionnaires filled out by the parents of the students involved.

In quote from Mrs. Ripple's letter, "I have not heard anyone mention that his/her child has put in hours of study every evening, has confronted the teacher with questions that went unanswered and, therefore, left the student frustrated on spending hours

on the telephone with fellow classmates in hopes of overcoming the difficulty of this new subject. I have never once heard mention the responsibility of the student. When does an individual become responsible for his actions and accomplishments?" Our questionnaire reveals answers to the contrary. The students did put in many hours of study in the evening; they did seek help from their teachers after school; some sought help from classmates, family members and, eventually, tutors. This would indicate a high degree of responsibility on the students' part.

The questionnaires, returned by the parents, have been given to the school committee and Dr. Kunces for their study and to be incorporated into the "in-depth" study of Algebra I program, as taught in the ORRJHS. The results of this "in-depth! study is to

be reported to the school committee at the regular school committee meeting on Tuesday, August 23, at 7:30 P.M. in the Junior High School. We urge all parents of students involved and all interested members of the community to attend this meeting.

In response to Wilma Ripple's letter of August 10 to the Presto Press, I am happy her children have not experienced the tears, frustration, anger, and failure that other students have experienced at O.R.R. lic examples in order to refute her state-

Furthermore, I was not aware that Mrs. Ripple, as Mr. Gardner's secretary, was the person to whom one should report a student's problems!

Instead, along with other parents, we have chosen to report our children's difficulties directly to teachers, administrators, and the school board. (Eighth grade Algebra seems to be the area where the problems are most dramatically demonstrated this year.) Hopefully, they will heed parental feedback and make the necessary evaluations and changes in order to improve the general quality of education at the Junior High.

For what it's costing the taxpayers, shouldn't Old Rochester be one of the best school systems in the state?

doors has made great strides in improving the grounds so that school classes, field walks and occasional visitors may better enjoy and take advantage of them. Both a pine grove and a large field have been greatly enlarged for human traffic and much poison ivy was eradicated. New trail markers have been installed and three cords of dead wood cut for use later to fuel the sugaring off fireplace in the spring. Although much has been done, even more has yet to be accomplished. All funds for this project are provided through the Federal Aid program known as CETA.
